IDEA

WHERE AUTOMATION DRIVES OPTIMIZATION

IDEA Group - Since 2010

COMPANY OVERVIEW

ABOUT US

IDEA Group is a Vietnam-based company with 15 years of experience specializing in providing design services, mechanical fabrication, OEM/ODM, and automation solutions.

IDEA TECHNOLOGY CORPORATION JSC

Headquarters	207C Nguyen Xi St, Binh Thanh Ward, HCMC, Vietnam
Established	May 4 2010
Employees	270
Capital	USD 1.5 Million
TEL	(+84) 28 7301 3779
Email	info@ideagroupvn.com
Representative	Do Hoang Trung (Mr)
Capabilities	• Machine design • CNC Machining • Automation solutions • R&D, Technical services • OJT Training

IMPRESSIVE NUMBERS

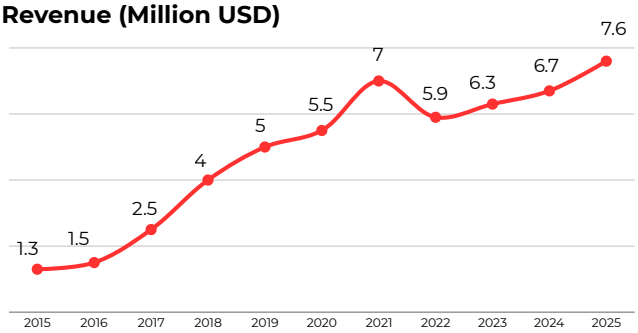
250+ Clients
Globally

1,200+ Projects
Successfully completed

COMPANY OVERVIEW

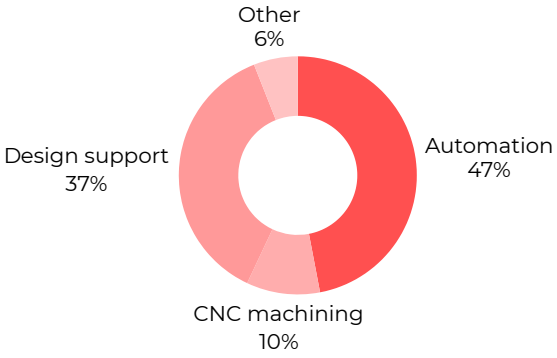
COMPANY OVERVIEW

Revenue (Million USD)

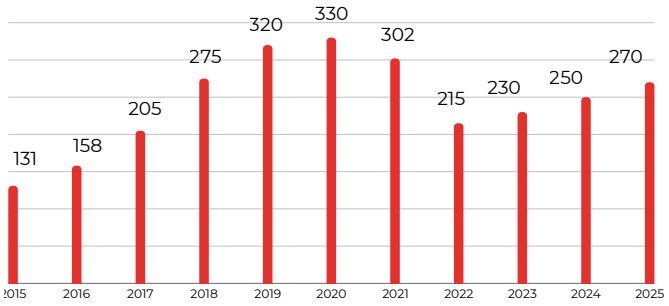


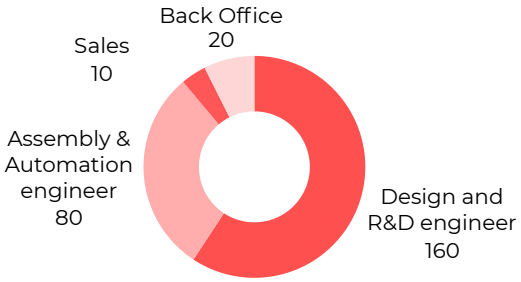
Revenue Overview

IDEA has maintained steady revenue growth over the years, reflecting consistent market demand and client trust. Our revenue is primarily driven by Automation solutions (47%) and Design Support services (37%), complemented by CNC Machining (10%) and other services (6%), forming a balanced and sustainable business structure.



Headcount (People)





Facility

IDEA has strong capabilities to deliver large and complex projects efficiently, ensuring fast response and reliable, high-quality solutions from design to execution.

HoChiMinh City Assembly Facility (Vietnam) 2,700 m2

Da Nang City Assembly Facility (Vietnam) 3,000 m²

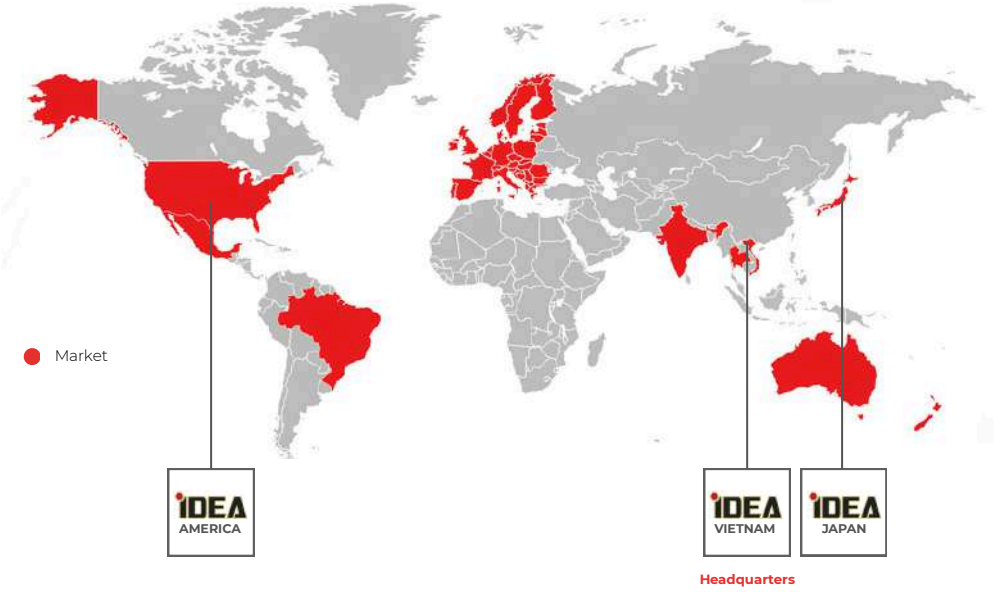
Design, R&D Area 1,500 m2

Training Center 1,200m2

COMPANY OVERVIEW

Market

IDEA operates globally, supporting clients across Japan, Asia, Europe, and North America through a strong international network and trusted partnerships.



Our clients

Nidec · Mabuchi Motor · Ricoh · Daifuku · Panasonic
IHI · Sharp · Bosch · Siemens · Jabil
Keyence · SMC · MiSUMi · Yaskawa · ABB
LEGO · Rockwell Automation · TechRim Standards · Fillon Technologies · Rockfin

COMPANY OVERVIEW

SERVICES & SOLUTIONS

IDEA's Services and Solutions deliver the scalability, expertise, and responsiveness required to maintain peak performance - maximizing uptime, protecting your investment, and enabling confident growth over time.

Industry

Automotive,
Manufacturing,
Consumer goods,
Electrical,
Logistics & Warehouse,
Pharmaceutical.

AUTOMATION SOLUTIONS

R&D and TECHNICAL SERVICES

OJT TRAINING

WHY CHOOSE US

01. Trusted

Trusted by over 250 international companies in manufacturing and automation, building strong partnerships through consistent performance, technical excellence, and customer-centric service.

02. Dynamic

A team of over 270 talented professionals, averaging 29 years old, driven by creativity and innovation, ready to adopt cutting-edge technologies and deliver smart solutions.

03. End-to-End Solutions

IDEA offers integrated services from mechanical design to machining, fabrication, automation, and installation. Our in-house workflow ensures consistent quality, reliable lead times, and seamless coordination between design and manufacturing.

MACHINE DESIGN

We can

- 2D drafting
- 3D modeling
- Assembly and part drawings
- Sheet metal development
- CAE
- Simulation
- Control panel design
- JIG & Fixture design.

Confidentiality Policy

Software

IronCAD, AutoCAD, Inventor, Solidworks, ICAD/SX, BrisCAD, REVIT, PLANT 3D.

Why us

160 design engineers

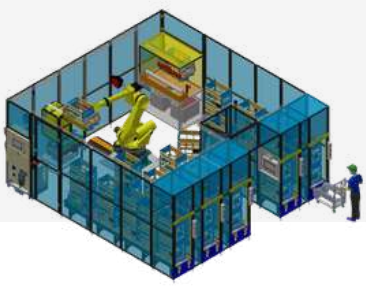
Transaction Types

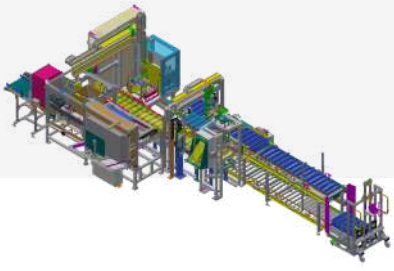
Spot

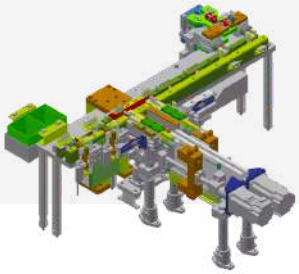
One-time Contract

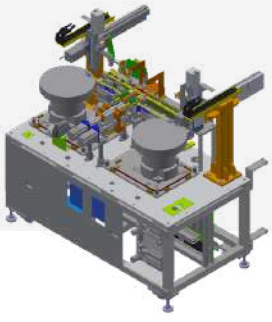
Design Offshore

Case studies









CNC MACHINING

We can

- CNC turning & CNC milling
- Sheet metal fabrication
- Welding frame processing, machine frame
- JIG & Fixture
- OEM/ ODM, prototype processing
- Plastic parts

Our Equipment

Materials

- Stainless Steel (INOX): SUS303, SUS304, SUS316
- Aluminum: A6061, A5052, A7075, A2017
- Steel & Steel Pipe: S45C, SS400, S55C, SCM440, SUJ2, SKD11, SKD61, HPM7, HPM8, HPM77
- Plastic: MC NYLON, BAKELITE, TEFLON, POM
- Other: Copper, Silver, etc.

Case studies

AUTOMATION SOLUTIONS

We can

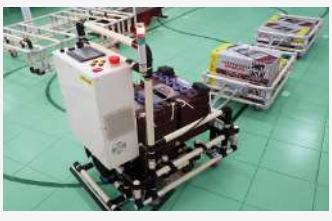
- Palletizing solutions
- End of line solution
- Custom machine manufacturing
- Material handling
- AGV solutions
- Manufacturing Execution System (MES)

Case studies

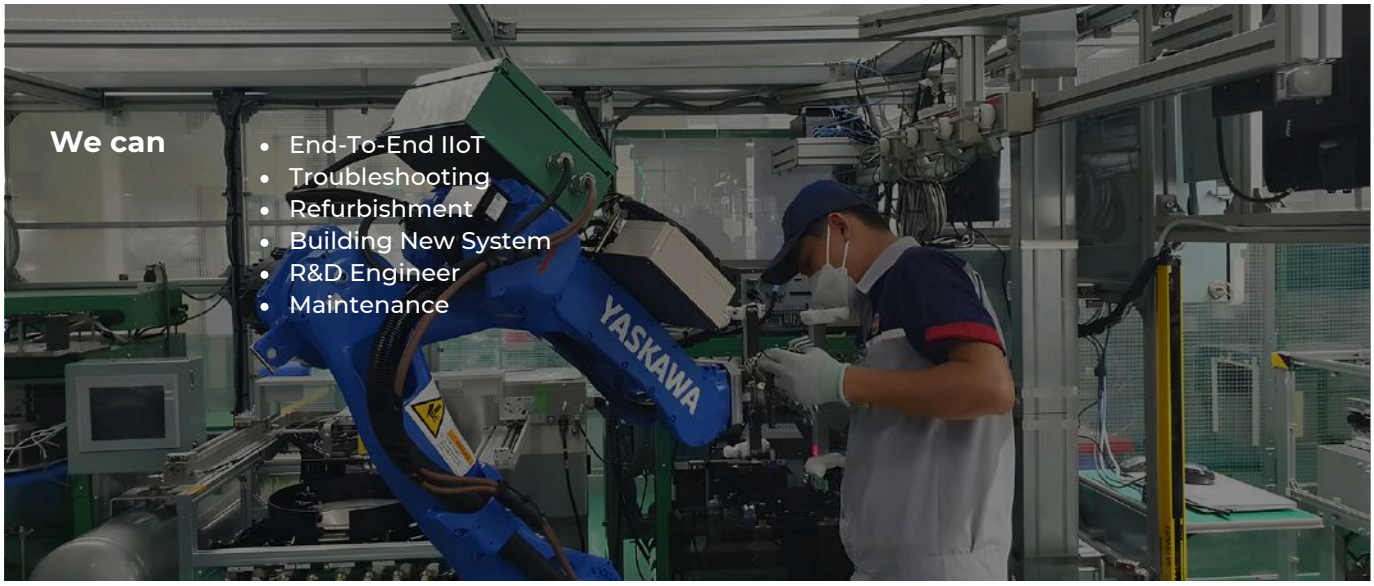
Electrical & Automation Engineering Capability

Control & PLC Programming	:	Mitsubishi, Keyence, Omron, Siemens, Allen-Bradley
HMI Design & Programming	:	GT Designer, VT Studio, FactoryTalk View
Automation & Motion Control	:	GX Works, KV Studio, CX-One, TIA Portal
Robot Programming	:	ABB RobotStudio, Mitsubishi RT Toolbox, Nachi controllers
Software Development	:	Visual Studio, Embarcadero RAD Studio
Electrical Design & Documentation	:	E-CAD, Microsoft Visio

Case studies



TECHNICAL SERVICES



On-The-Job TRAINING

We aim to help our students:

- Learn by doing,
- Work in practice,
- Apply in real-world situations.

Our mission is to close the gap between classroom learning and business reality, ensuring our students meet all industry requirements.
